## BOOST LAWN FERTILIZER 1-1-1 AND MOSS CONTROL WITH 9.8% FERROUS SULPHATE

A combination lawn fertilizer that controls moss and feeds turf in one application. This product should be used as a part of a complete lawn feeding program.

### HOW TO USE:

- For immediate control of moss water lawn thoroughly.
- Spread this product at a rate of 1 kg per 10m<sup>2</sup> (2 lbs. per 100 sq.ft.). Apply using a drop (gravity) spreader.
- Water immediately after application to wash off grass blades; then withhold watering for 48 hours.

Repeat treatments may be required if the condition causing moss growth is not corrected.

**PRECAUTIONS:** KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contact with eyes, skin and clothing. Avoid breathing dust. Store in its original container tightly closed away from children and pets. Do not use on cement products; such as sidewalks, patios, blocks, stucco, etc. Will also stain marble, sandstone, limestone and related products.

**FIRST AID:** IF SWALLOWED: Get medical attention or contact poison control centre. IF IN EYES: Flush with plenty of water and get medical attention or contact poison control centre. IF ON SKIN: Wash with soap and water.

**DISPOSAL PROCEDURE:** Discard empty container in household garbage.
